“

I was fortunate to have internships every summer in college, most of which were thanks to relationships I formed through FSC, whether that be at Career Services or FSC alumni. This experience allowed me to be competitive when applying to companies like JPMorgan Chase and narrow down what I wanted to do post graduation.”

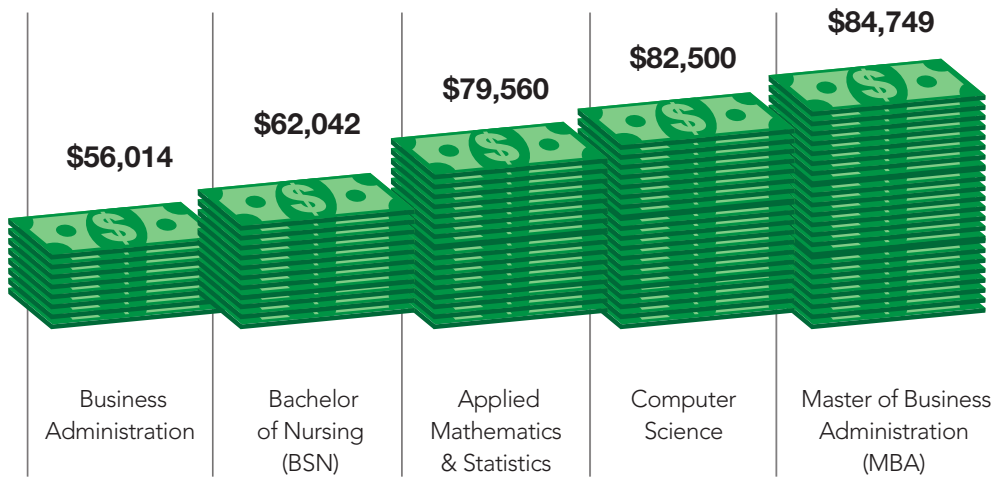

CONNOR BLIGH, 2022

Major: Business Administration,
Economics, and Finance

Employer: JPMorgan Chase

“

I was selected by Career Services for their elite Summer internship program to shadow surgeons with JIS (Joint Implant Surgeons) Orthopedics in Ohio. The most impactful experience I had was hearing a woman talk about how much fun she had dancing at her daughter's wedding after getting her hip replaced. Thanks to the surgeons at my internship, this woman was able to experience a once-in-a-lifetime memory with her loved one.”

“

Career Services provides amazing professional development opportunities such as Meet the Firms and “Moc” Interviews, both of which helped me to secure an internship with BDO’s core tax team during my sophomore year. I received a full-time job post-graduation which I contribute to the top notch accounting curriculum and my professors who provide guidance and support.”
