Buildings and Grounds
1922-Present

Shelf Location: 11-C-3—11-C-5

Note to Archivist:

The files in this collection are those generated by the college and concern built as well as some physical features (gardens and monuments) on property related to the Lakeland campus after 1922. There are some files about property owned or formerly owned by FSC that is not adjacent to the land encompassing Lake Hollingsworth Dr, Johnson Ave., Frank Lloyd Wright Way/Macdonald, and Hollingsworth Rd. The contents of this collection were primarily drawn from the Main Historical File – created c. 1980, and files retrieved from the Development Office in 2019. For ease of reference, all buildings are listed under their full official name.

Former Names: Many buildings on campus have been known by several names over the years. Edge Hall was originally the Social Hall. Fannin Campus Ministries Center was initially known as the Jackson Student Activities Center and then the Jackson Religion Building (or JRB). Raulerson was originally three separate buildings: Carter, Walbridge, and Hawkins (the Three Seminars). The Thad Buckner Building was the original (1945) E.T. Roux Library. Joseph-Reynolds Hall was originally the Women’s Residence. Ordway was briefly known as the J. William Horsey building. As of 1/29/20 there is no file on the FLLW memorial.

The files within each series are arranged by building name alphabetically by last name of donor/beneficiary

The Files in this collection are organized into the following series:

Academic

Administration

Athletics

Chapels

Dining Facilities

Dorms: Note that apartments located *off of the main campus* are included in this series

Greek Houses

Grounds (Including memorials)

Libraries

Maintenance

Off-Campus Property

Photographs

Physical Plant: General files having to do with campus, but not a specific building or feature.
