

Advancing The Flame Scholarship

Matching United Methodist Scholarships for United Methodist Youth

Florida Southern will match United Methodist Church Scholarships up to \$1,000 offered to an undergraduate member of your congregation enrolled or enrolling at FSC.

- Only one \$1,000.00 matching United Methodist scholarship is allowed per student, per year.
- Hopefully, this scholarship will be a yearly commitment that students can rely on in their annual financial aid package.
- Scholarships for more than one student from your church are welcomed.
- As with other institutional scholarships, if the student receives additional non-repayable scholarships and grants, the totals cannot exceed cost of tuition, fees, and FSC room and board.

Matching Scholarship Information

The purpose of the *Advancing the Flame Matching Scholarship* is to help and encourage United Methodist young people to obtain a top quality college education at Florida Southern College.

FSC will match any amount from \$100 to \$1,000. The church’s scholarship check will be immediately credited to the student’s account for their college expenses as needed. No restrictions will be placed on the funds unless the church makes the stipulation.

One-half of the matching amount will be applied at the beginning of each of the two regular semesters.

Funds for the scholarship must come from the scholarship committee, groups, or individuals within the congregation. (*Please be advised that funds received from family or relatives designated for the scholarship recipient may not be claimed as a charitable contribution deduction. The IRS has very strict rules concerning this type of gift.*)

Please follow these guidelines:

1. **Make the church check payable to Florida Southern College** with the student’s name listed on the check and mail to the address listed. **Do not make the check payable to the student.**
2. Fill out the scholarship application and include it with the check or the commitment pledge.
